

ClaimCheck

Electronic Eligibility Checking
Integrated Into Your Billing System

Perform Electronic Eligibility Checking:

- Automated distribution and processing of HIPAA 270/271 eligibility transactions
- Works with an unlimited number of payers
- No Per Transaction Costs
- Ensure prompt payment upon first submission
- Eliminate working a clearinghouse denial report

Use the Detailed Information Payers Return:

- More than just a Yes or No...
- Pick up Medicare Advantage and Secondary Plan information
- Get Corrected Name and Policy Number Information Automatically

Automatically Correct Claims Using Eligibility Responses:

- Automatically Update your billing system with corrected policy numbers, dates of birth and even names!
- Also optionally correct the information in your front end patient registration system
- Customize which rejection and maintenance codes are automatically processed or ignored or dropped to an electronic worklist

*Rhodes Group are the Experts in Lab Electronic Eligibility
We have been doing eligibility transactions since 2005 and
process 6-million eligibility responses annually
for labs around the country*
